

BATTLE IN CUBA.

Four Marines Were Killed at Guantanamo.

ATTACKED BY GUERRILLAS.

The Fight Continued Fiercely For Thirteen Hours.

VOLLEYS FIRED BY AMERICANS.

Spaniards Made a Charge, But Were Driven Back.

YANKEE BULLETS WERE TOO HOT.

Off Guantanamo, Cuba, June 13.—The battalion of marines under Lieutenant Colonel R. W. Huntington, which landed on the transport Panther on Friday and camped on the hill guarding the abandoned cable station at the entrance to the outer harbor of Guantanamo, has been engaged in beating off a bush attack by Spanish guerrillas and regulars since 3 o'clock Saturday afternoon.

The fighting was almost continuous for 13 hours until 6 o'clock Sunday morning when reinforcements were landed from the Maribhead.

Four Americans were killed and wounded. The advance pickets under Lieutenants Neville and Shaw are unaccounted for.

Among the killed is Assistant Surgeon John Blair Gibbons of New York. He entered the service since the war began. He was a very popular officer. The others killed are Sergeant Charles H. Smith of Smallwood, Private William Dunphy of Gloucester, Mass., and Private James McColgan of Stoneham, Mass.

Corporal Glass was accidentally wounded in the head.

The Spanish loss is unknown, but it was probably considerable. The splashes of blood found at daylight at the positions the Spaniards occupied indicates fatalities, but their comrades carried off the killed and wounded.

The engagement began with desultory firing at the pickets, a thousand yards inland from the camp. Captain Spicer's company was doing guard duty and was driven in, finally rallying on the camp and repulsing the enemy at 5 o'clock.

The bodies of Privates McColgan and Dunphy were found, both shot in the head. The large cavities caused by the bullets, which, inside a range of 500 yards, have a rotary motion, indicates that the victims were killed at close range.

The bodies were stripped of shoes, hats and cartridge belts and horribly mutilated with machetes.

Shortly after midnight came the main attack. The Spaniards made a gallant charge up the southwest slope but were met by repeated volleys from the main body and broke before they were one-third of the way up the hill; but they came so close that at points

ROYAL BAKING POWDER CO., NEW YORK.

As soon as it was reported that the enemy's warships had been sighted there was great activity at the fort.

The big searchlight began to sweep the bay and signals were flashed to the cruiser Minnesota, auxiliary cruiser Drexel and dynamite cruiser Buffalo, which are anchored off Old Point.

Quarters were sounded, and the crews hastily prepared the ships for action.

The gunners took positions at their posts, where they were ordered to remain during the night. The ships' searchlights were kept playing on the water.

In the fort ammunition was hurried to the big guns and the troops ordered to their posts.

Some of the officers were with their families at the hotel, and buglers were dispatched for them.

The men scurried out of the hotel half dressed and hastened to the fort. In the camp of the Maryland troops orders were given for the men to sleep in their clothes with their guns close by.

Considerable excitement ensued among the civilians and some uneasiness was apparent among the guests of the hotel.

At 2:30 a. m. there were no new developments. A dispatch that came from Washington stating that one of the vessels seen was probably a German freighter had a tendency to allay the excitement among the guests at the hotel, but the officers did not relax their vigilance.

IN REEK DISTRESS.

Spain is Again Earnestly Pleading With the Powers.

Madrid, June 10.—Spain is approaching the powers with a view of obtaining an honorable peace. The cabinet council authorized Duke Almodovar de Rio to expedite diplomatic action, and in consequence the duke is conferring with the ambassadors and ministers in Madrid.

Instructions have been telegraphed to the Spanish minister in Vienna, and orders likewise issued to Senor Agers, the under secretary of state, to proceed at once to the Austrian capital. Spain is unquestionably looking to Austria for assistance in her distress.

Probably Captain General Augusti will be ordered to make the best terms he can with Admiral Dewey.

A minister says if reinforcements were on their way to the Philippines Augusti would be ordered to hold out to the last, but as they were not Augusti would accept "according to circumstances."

The message to the government from General Augusti was held back and, it is alleged, will be greatly toned down. It has assured the national anger for the Spanish cling to the Philippines, though they are ready enough to abandon Cuba, which is regarded as a monster that yearly devours the youth of Spain.

Clearly there is no alternative but a surrender to Dewey. The government seems unable to take a resolution, but drifts and hopes something will turn up.

DeWitt's Little Early Risers.

The famous little pills.

There is a feeling of anxiety over the possibility of an American attack upon some Spanish ports. People begin to talk of Santiago as a naval base.

The press generally and public opinion are outspoken on the disagreeable news from the Philippines, bitterly blaming the remissness of the present government without throwing the whole responsibility upon it.

Public feeling, though aroused, is displaying an ominous calmness, waiting to know the worst, but when that is known there will be developments.

SITUATION VERY GRAVE.

Agustado Succeeds in Stirring Up the Philippine Insurgents.

Madrid, June 9.—Captain General Augusti, under date of Manila, June 3, has sent the government the following description of the situation which is published here:

"The situation is very grave. Agustado has succeeded in stirring up the country, and the telegraph lines and railways are being cut."

"I am without communication with the provinces. The province of Cavite has completely rebelled, and the towns and villages are occupied by numerous bands."

"A Spanish column defends the Zapote line to prevent the enemy from invading the province of Manila, but the foe has entered through Bulacan and Moron, so that Manila itself will be attacked by land and sea."

"I am striving to raise the courage of the inhabitants, so that Manila will be every means of resistance, but I distrust the natives and the volunteers, because there have already been many desertions."

"The insurrection has reached great proportions, and I can not count upon the support of the country forces at my disposal will not suffice to hold the ground against two enemies."

PORTS BLOCKED.

The American Fleet Does Some Work at Santiago.

Santiago de Cuba, June 8.—The American fleet Monday morning engaged the Spanish batteries defending the entrance to the harbor of Santiago de Cuba, and after a three-hour bombardment silenced all the forts, destroyed several earthworks and rendered the Estrella and Carvo fortifications, the two principal fortifications, useless.

The fleet formed in double column, at a distance of 6 o'clock in the morning, and steamed slowly 3,000 yards off shore, the Brooklyn leading, followed by the Maribhead, Texas and Massachusetts, and turned westward.

The second line, the New York leading, with the New Orleans, Yankee, Iowa and Oregon following, turned eastward. The Vixen and Swanee were far out on the left flank watching the firemen on shore. The Dolphin and Porter did similar duty on the right flank.

The line headed by the New York attacked the new earthworks near Morro castle. The Brooklyn column took up a station opposite the Estrella and Catalina batteries and the new earthworks along the shore.

The Spanish batteries remained silent. It is doubtful whether the Spaniards were able to determine the character of the movement owing to the dense fog and heavy rain.

Suddenly the Iowa fired a 12-inch shell, which struck the base of the Estrella battery and tore up the works. Instantly firing began from both Rear Admiral Sampson's and Commodore Schley's columns, and a torrent of shells from the ships fell upon the Spanish works.

The Spaniards replied promptly, but their artillery work was of a very poor quality and most of their shots went wide. Smoke settled around the ships and the clouds rendered accurate aiming difficult. There was no maneuvering of the fleet, the ships remaining at their original stations and firing steadily.

The squadrons were so close inshore that it was difficult for the American gunners to reach the batteries on the hillsides, but their firing was excellent.

Previous to the bombardment orders were issued to prevent firing on Morro castle, as the American admiral had been informed that Lieutenant Hobson and the other prisoners of the Merrimac are confined there. In spite of this, however, several stray shots damaged Morro castle somewhat.

Commodore Schley's line moved closer inshore, and at short range. The Brooklyn and Texas caused wild havoc among the Spanish shore batteries, quickly silencing them.

While the larger ships were engaging the heavy batteries, the Swanee and the Vixen closed with the small inshore battery opposite them, raining rapid-fire shots upon it and quickly placing the battery out of the fight.

The Brooklyn closed to 800 yards, and then the destruction by her guns and those of the Maribhead and Texas was really awful. In a few minutes the woodwork of Estrella fort was burning and the battery was silenced, firing no more during the engagement. Eastward, the New York and New Orleans silenced the Cayo battery. In quick order and then shelled the earthworks located higher up.

Later the practice was not so accurate, owing to the elevation of the guns. Many of the shells, however, landed, and the Spanish gunners recoiled.

Shortly after 9 the firing ceased, the warships turning in order to permit the use of the port batteries. The firing then became a long reverberating crash of thunder and the shells raked the Spanish batteries with terrible effect. Five broke out in the Catalina fort and silenced the Spanish guns.

The firing of the fleet continued until 10 o'clock when the Spanish fire ceased entirely and Rear Admiral Sampson hoisted the "cease firing" signal.

After the fleet had retired the Spaniards returned to some of their guns and sent 12 shells after the fleet. But no one was injured.

Throughout the engagement no American ship was hit and no American was injured. If the Spaniards stuck to their guns, and all evidence is to the contrary, their loss must have been heavy.

Miss Elisabeth M. Hill will graduate to-morrow (Thursday) from the Louisville City Hospital Training School for nurses. I have received an invitation from Lizzie to be present. Miss Hill is from near Woodland, Meade county, and I remember her as a sweet, gentle girl, well cultured to minister in the sick room.

Our boys played ball with the Fontaine Field last Sunday. "Bad boys!" to desecrate the Sabbath thus—some one who is very orthodox is ready to exclaim. Let us look around and see if we can draw the line between Sunday ball games or walking, or riding, or skill riding or worldly games, it is all at last worldly. I see no difference in people myself, we are all out to suit ourselves.

How few, very few people, are really kind, courteous and considerate. How wrapped up instead are most humans in their own plans and pursuits and interests.

It is wonderful and we must exclaim with the late lamented Delany in his great work "Looking Backward," "Selfishness is the end of the Nineteenth Century." But let us not forget that some unselfish hearts still throb and are recognized as noble in the sight of God and man.

Mr. Ephraim Wimp, one of our oldest and most highly esteemed citizens whose illness was mentioned in this column last week, died June 10, after a painful illness of several weeks. He was entirely resigned and was surrounded by all his children in his moments. He had led a useful, upright, correct life, he was kind and affectionate in his family; conservative and reasonable with all. His remains were interred in Brandenburg cemetery. We all extend sympathy.

Ex-Senator W. B. Hayward, of Ellettsbeth, lectured last Friday night before the Clerical Society of Brandenburg Normal. Senator Hayward was at one time president of Salem College at Greensboro and has for forty years been a leading light in educational movements. He has taught in many states at first-class institutions and always with pronounced success. His lecture abounded in rich, beautiful ideas brought out and clothed in brilliant language. Much that he presented was tender and pathetic and all that brought before us abounded in stern facts and potent truths. He is physically weak at his advanced age, but the earnest spirit and the free loyalty to country and education still burn brightly on the altar.

The oratorical contest by the Brandenburg Normal last Saturday night was a most pleasant occasion. There were twelve contestants who each and all did well, reflecting great credit upon Mr. A. C. Burton as their instructor. Otter Rescuer, of Muldraugh, received honor for gracefulness, articulation and expression, the three requisites in consideration and promptly wears the medal. Miss Ten Hamilton came in for second honor, but there was no prize offered. She was only one-third behind in general average with Otter. Misses Minnie Bland, Mabel Simmons, Beulah Fontaine, Mabel Hardin and Lona Nevitt rendered pleasing vocal selections. The little girls Flora and Fannie Nevitt, Hattie Grinnell and Mary Richardson sang a "Lullaby." Miss Daisy McIntire played and sang most brilliantly. She has artistic taste and a cultivated voice. The house was packed but excellent order and rapid attention was in evidence. Miss Mary Taylor played the opening song and other accompaniments in her sweet, graceful style.

Wm. Easton Committed to the Insane Asylum.

A Crazy Young Colored Girl also Sent to Frankfort.

Two lunacy cases were tried before County Judge Ash, in the city hall last Wednesday afternoon.

The first case was that of Merila Collier, a fourteen-year old colored girl who was afflicted with hereditary lunacy. She became violent about a week and the neighbors were in mortal terror of her.

The jury returned a verdict as to her being insane without leaving the box. The next trial was that of Wm. Easton, a well-known character about town. He was a mad case.

By his own evidence and that of several witnesses it was shown that he "sees things."

He had the hallucination of seeing big gangs of men at work constructing a new railroad along the river bend below town. He saw a giant man and women, a whole army at it, waving their arms in a mysterious manner and marching through the air.

The old man has been a hard worker all his life, but since his wife died year ago he has been falling in body and mind. He is not at all violent, but it was the verdict of the jury that he should be committed to an asylum where he could receive proper care and medical attention.

The unfortunate people were committed to the insane asylum and were accompanied by Sheriff Burton and city Marshal Hall.

A WHOPPER.

A Texas Who is Bull on a Gasarous Plan.

He's So Long that he Takes up a Whole Bed and Hangs his Feet Out of the Window.

Colonel A. A. Powell, of Texas was in the city on business Monday and Tuesday.

Who is Colonel Powell? He's a giant. He'd make two ordinary men. He only measures seven feet, three inches in his stocking feet. He weighs 265 pounds and wears a number 18 shoe.

The colonel was born and raised in Johnson county, Texas, where the cucumbers grow so fast that a man who was caught in the vines was dragged to death.

He comes by his title of Colonel honestly as he served on Governor Hogg's staff and was a member of the Houston Light guards.

The Colonel finds it difficult to get a bed at a hotel to fit him. He takes up the whole shooting match and in summer has to hang his feet out of the window. In the winter he requires two beds.

Colonel Powell represents the Arm & Hammer Soda Company, of New York and gets about his business as sprightly as if he were built on a more economical plan.

MIRTH AND MUSIC.

Will Make This Picnic a Happy One.

The parishioners of St. Rose's Catholic church, of this city, will make Saturday, July 2nd, a glorious one. They are to give a picnic and barbecue, for the benefit of the church, at LaFayette woods. There will be music and dancing and all kinds of outdoor amusements. Hon. David R. Murray will deliver a patriotic address if he is not in Cuba. Everybody is invited to enjoy the day.

Horse Drawn.

Saturday was quite an exciting day in the city and one of the liveliest incidents was the drowning of a horse owned by Wm. L. Galloway at the lower wharf. The animal had been led to water by Pointedriver Galloway, who had occasion to leave it a few moments and during his absence the horse got tangled up in a rope and was drowned before it could be rescued.

Through the generosity of Manager H. V. Harris, of this Breckinridge Cannel Coal Company, the members of the Methodist Sunday-school are to enjoy a picnic at The Springs, July 4th. Mr. Harris has placed an engine and cars at the disposal of the school and will transport them free of charge to the grounds. A delightful time will be had.

Advert—Tideche.

Invitations are out announcing the approaching nuptials of Mr. Mack Everett, of Asheville, Miss., to Miss Ellen Washington McGee, daughter of Mr. and Mrs. F. H. McGee, of Irivington. The ceremony will take place at the First Baptist church at Irivington, Wednesday morning, June 25th at 10:30.

One Minute is not long, yet relief is obtained in half that time by the use of One Minute Cough Cure. It prevents consumption and quickly cures colds, croup, bronchitis, pneumonia, laryngitis and all throat and lung troubles.—Short & Haynes.

Dislocated Her Wrist.

Mrs. Amanda Fisher met with a painful accident last Friday morning. In descending the steps of her home she slipped and fell. She sustained a dislocation of the wrist but is getting along nicely.

A FULL REGIMENT.

Dave Murray Will Get His Lieutenant's Commission.

As predicted by the News last week Hon. David R. Murray will get an opportunity to go into the first as Lieutenant-Colonel of a full Kentucky regiment, the Fourth. He received a letter Monday from Washington to that effect and is now looking for an order from the adjutant general instructing him to begin the work of recruiting the regiment by the first of next week.

Only Costs \$104 to Improve Seven Miles of Road.

Seven miles of road between Hardinsburg and Garfield have been graded and put in splendid condition for travel at a cost of \$104. This sum covers the entire expense for teams and men. This is a practical demonstration of what can be done with road machines and one can readily appreciate their value when it is known that the cost of improving a mile of road in Hardin county is \$10.

Klondike Social.

A "Klondike Social" will be given at the Baptist parsonage, by the ladies of the church, on the "Dewey" eve, Friday, June 17th. The admission will be free. The menu for the evening will consist of nuggets of cake—baked snow—sugar—highly flavored lemon and pineapple—snowballs—ice cream—pink—pink—gold—glaze and Klondike drink.

PALE LUNA, GLORIOUS ORB,

Made This Excursion a Delightful One.

Young People Enjoy a Moonlight Outing.

The tug Alfred Hennen has contributed very largely to the happiness and enjoyment of the young society folks of Cloverport and Hawesville. Last Wednesday evening was no exception to the rule and the fortunate guests of Captain James Hennen, who were invited to a moonlight excursion on the river, enjoyed it to the utmost.

The boat arrived in this city about 8:30 in the evening with the Misses Lucile Stewart, Mayme Duncan and Edith Bush, Captain James Hennen, Hamilton Hennen, Ed Kelley, Eugene Newman, D. Forrest Lightfoot and Simmes Thomas, of Hawesville, aboard.

The Misses Bettie, Margaret and Marion Bower, with their guests, Lottie Herd, of Henderson, and Anna Ighart, of Glasgow, last Thursday night, his salary had been increased from \$1,000 to \$1,100 per annum.

The letter accompanying the notification stated that the increase had been made owing to the large gains made in the gross receipts of this office for the last fiscal year.

This is one of the few offices in Kentucky where the increase in salary of a single official is a rare thing and it speaks volumes for the general condition of affairs in this city.

I Have Adopted A New Plan

To Hasten the Sale of my goods. The old plan was to sell you a buggy and throw in a set of harness,

But Now I Sell You A Set of Harness and Throw in a Buggy.

This is gospel truth and I invite you to call and try to bluff me in my proposition.

I have added a fine lot of Buggies to my stock.

Don't let the expense scare you. The cost of Queensware, Glassware, Crockery and other household necessities is lower than ever before.

We can set you up in the above mentioned lines cheaper than any one else. Ask your married friends if this is not so.

Oh, How Thankful

Pain Was Maddening and Hope Had Been Abandoned—Wonderful Results of Purifying Blood.

"A very severe pain came in my left knee, which grew worse and worse, and finally a sore broke out above the knee. I discharged a great deal and the pain from my thigh down was maddening. Large, hard, purple spots appeared on my leg. I suffered in this way, for years, and gave up all hope of ever being cured. My wife was reading of a case like mine cured by Hood's Sarsaparilla, and she advised me to try it. I began taking it and when I had used a few bottles I found relief from my suffering. Oh, how thankful I am for this relief! I am stronger than I have ever been in my life. I am in the best of health, have a good appetite and am a new man altogether."

Hood's Sarsaparilla
Is the Best—In fact the One True Blood Purifier.
Hood's Pills cure all liver ills. 25 cents.

Anger a Disease.

An English journal that comments on the injurious effects of anger: "Anger serves the unhappy mortal who indulges in it much the same as intoxicants constantly taken to the inebriate. It grows into a sort of disease which has serious and terrible results. Sir Richard Quain said, not long ago, 'He is a man very rich indeed in physical power who can afford to be angry.' This is true. Every time a man becomes 'white' or red with anger, he is in danger of his life. The heart and brain are the organs most affected when fits of passion are indulged in. Not only does anger cause partial paralysis of the small blood-vessels, but the heart's action becomes intermittent; that is, every now and then it drops a beat—much the same thing as is experienced by excessive smokers."

R. M. Geary, Pierson, Minn., writes:—"DeWitt's Witch Hazel Salve is caring more piles here today than all other remedies combined. It cures eczema and all other skin diseases"—Short & Haynes.

TERRIBLE FATALITY.

Stroke of Lightning Takes Away the Life of John Gist.

(Hawes' Column.)
John Gist was instantly killed by a bolt of lightning on Thursday evening at 3 o'clock. The calamity occurred on Lamars farm at Lawsons grist mill, near Blackford creek, and he and his two boys and Mr. Lamar were hauling clover.

Both of the boys were stunned by the stroke, the older one on the wagon being the more serious. The smaller boy was knocked down and was found between his dead father's legs, but soon recovered. The other boy was knocked off the wagon. Mr. Chas. Lamar, for whom they were working, was badly stunned.

Deceased was 32 years old and leaves a wife and five children, one being married.

SAVED OUR LIFE.

Do Not Neglect the Kidneys and Bladder.

Diagnosis of these important organs causes bright's disease, rheumatism, pain in the back, dropsy and other troubles. Diseases sometimes get a hold upon your kidneys and bladder before you realize that anything serious is the matter. Often these organs are neglected until the worst results follow. Dr. Chas. Lamar, who has fastened upon life and death, would tell you. Many miraculous cures have been wrought by a course of treatment with Dr. Davis' Kidney Tablets. These tablets are put up in the shape of a little bean, and the formula has been pronounced by the best physicians of modern times to be the most direct in action on the kidneys of any remedy known to medical science. You can get these tablets as you would candy. Send for free booklet on kidney diseases. Sold by 50 cents, or sent on receipt of price \$1.00 and 10c.

Get up your 4th of July celebrations, and turn your spread-eagle orators loose this year.

Mrs. Dee Basham came over from Hardinsburg Sunday to attend Children's Day.

Dr. T. J. Hendrick is smiling in consequence of the arrival of a little boy at his house recently.

Our church is being treated to a new coat of paint this week, which will add greatly to its appearance.

Bro. Felix Roberts was here Sunday and assisted in the singing which added greatly to the success of the occasion.

This is a patriotic year and the 4th of July should be generally celebrated. Old Glory unfurled, and the American eagle permitted to scream with unbounded vigor.

Along with the splendid trio, good churches, good schools and good roads, people have learned to associate another excellent trio, good morals, intelligence and prosperity.

The Children's Day exercises here were well attended, the children were thoroughly trained and acquitted themselves with credit. The singing was highly complimented, and altogether it was red letter day for Webster.

C. B. English, a former citizen of this community, after several years' sojourn in different sections of the country returned last Sunday. With the exception of being slightly ill, Mr. English seems unchanged, though he noted many changes that had taken place here during his absence.
